

## Specifications for the upload of digital film and audio clips for TV, radio stations and online media

We provide journalists with digital film and audio clips of the festival films. We therefore ask all producers/distributors to upload their clips on the Berlinale FileRun server.

Starting in mid January 2019, you will receive the login details for your film. Your login gives you access to the FileRun server <http://files.kbb.eu>. Save your file in the appropriate folder (name: film title)
